## PRESIDENT'S REPORT 15 March 2017

The rain continues to plague progress at the Satellite City BMX Club. Unfortunately, this means that there is not much to update with regard to progress; when can be reported is that:

- The roof is completely finished and undergoing certification; and
- The track continues to undergo rolling / preparedness ready for racing.

The weather has slowed progress on:

- Landscaping around the stadium due to the bogginess of the area around the stadium (where we wish to grass); and
- Reforming the car park due to the bogginess.

Given the construction site restrictions have been lifted, there is a bit of work to do at the track in preparation for the opening day. To that end, a working bee will be held on Sunday 2 April 2017 Further details will soon be promulgated on Facebook and the Internet.

The Satellite City BMX Club FaceBook page and internet site will keep you updated as the project progresses; it is our intention to give all of our members plenty of notice for an opening date. We hope to see you 'down at the track' soon.

Daniel Shean  
President  
Satellite City BMX Club
